

Campfire Stories

- Full name - Aarika
-
-
- Age- 5 Years

I am Aarika , I waked up in the morning. Mom told we are going for camping today I was very excited; it was my first time. Mom said don't forget your binocular, swimsuit and hiking boot. After 3 hours of driving, we reached our camping site. Mom and Dad set up the tent. We went for swimming , I bought my water gun we did water fight splish , splash ... I saw a frog I got scared but dad told it's his home and frog won't hurt us. We gather some wood for campfire and then we go for hike. I saw foot print of animal on soil and I saw squirrel, lizard, bird, butterfly and bunny. Will returning we saw two deer I was lucky , I want to see them more but dad said it's going we be dark soon. we return to our campsite. Dad build a fire , we sing songs, rhymes and dance around the fire, Mom roasted chicken on fire, we roast some sweet corns, then roast marshmallows and I told dad to make my favorite s'mores with chocolate and graham crackers, I had food. It starts getting dark. Mom told story about a scary hairy giant lives in the woods. He is too tall and big like a giant tree. His name is Bigfoot but Dad told no one has seen bigfoot and not to worry we are safe. Its sign of relief for me. Soon its time to bed. Lights out and we went inside the tent to sleep. I get into my sleeping bag, mom and dad are also next to me in their sleeping bag. It was too dark outside all loud sound where coming. I hear wired chirping noise what's that I asked, dad said its cricket. I hear hooting sound what's that I asked, dad said its just owl. I hear crisp crisp swooshing sound what's that I asked , Mom sad its just wind and leaves making that noise. Mom told me to sleep we said good night and I closed my eyes, after some time I heard dad snore , dad and mom have slept. Then I heard loud snapping crack crack stomp stomp sound. I feel like someone crossed near our tent . I got too scared but it's so dark I didn't able to move or see anything , I just closed my eyes and ears and slept in my cozy sleeping bag. In morning when we come out of our tent, we saw large footprints near our tent on the soil. I told mom and dad the sound I heard last night. But we never know what was that as it was too dark in night, and I can't see anything. We packed our stuff and came back home. But I think its Bigfoot that came that night near our tent in woods. But dad told me not too worry Bigfoot are not real. May be next year we will again go for camping. Camping is too much fun.
